863 and this was a Hash that had everything: a fantastic beachfront setting, a lively mob, a few icings, some welcome returnees, visiting Hashers, the by now almost customary "bribe" from the Hare this time in the form of pizza and instead of a birthday we had an announcement of impending nuptials not to mention an excellent trail set by Tangerine Man ably assisted by the Annie Oakley of the Hashing world Tango.

We also had a minutes silence to remember two departed Hashers, Pussy Lover sadly passed away last week and some months ago we also lost Plays off One, we waited until his wife Plays with One could join us before remembering him. The pack soaked in Tangerine Man's instructions before setting off in search of his well marked route and he had thought about the heat and humidity and avoided any mountains, and that's not easy for this Alpinist so we meandered around the area for the next hour or thereabouts and finally everyone was account-

ed for including D.F.L. who lived up to his name by coming in last (I sometimes think he hangs around near the trail''s end and trots in once the other stragglers break the tape.....)

The nosh arrived and was duly dispatched in jig time by the hungry Horaces and even the pooch had a bit although Tubby and Pissbowl shot off to the 7/11 to get some Pedigree Chum for him and he was so enjoying himself that he even had a downie later aaaah.

The vote went T.M.s way even though a number of hands were raised to the contrary and the Stewards Babalas and returnee Banana Bender did their duty and punished the miscreants reading out a catalogue of crimes punishable by enforced slurping.

In no particular order J.C.L. donned the Bunnet of shame and will have a bit of explaining to do to his teacher as to why he is wearing a grubby Skid Lid in class.

After 13 years of bliss Strollin' Bones and Comic Strip are tying the knot and we wish them well.

Visiting Hashers were a couple from the Darwin Hash whose names escape me for the moment and a smiling colleen from the Bahrain Hash who glories in the name of The Cunninglinguist, thanks for coming oops no pun intended.

Forbeskin had his cheeks frozen for bad language while Scouse Bastard likewise had a seat on the cold stuff and also Banana Bender took his place on Iceland.

Returnees included the aforementioned Scouser with Mother Cooker and Banana plus his lovely lady Banana Straightener, Pissbowl and Babalas.

Wallace and Gromit are Blighty bound for a few weeks.

July 13th will see a truly Twinkly turnout to judge the efforts of the feisty fräulein who will put us through our paces up and down Lamai Valley, the event will be followed by Sauerkraut und brattkartoffeln.
